

Happy Thanksgiving!

Whether you're staying in Shepard or spending time with family, have a wonderful Thanksgiving break!

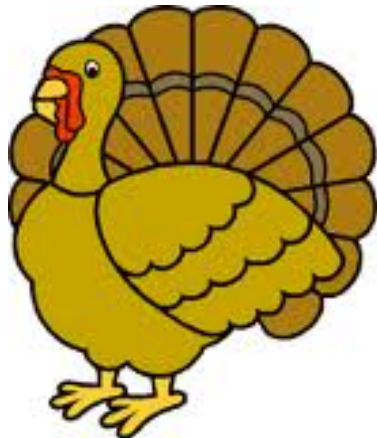

Turkey Trivia:

- Male turkeys are called "Toms" and female turkeys are "hens." Baby turkeys are called "poults"?!? As in poultry?
- The first "Presidential pardon" of a turkey was in 1947.
- Benjamin Franklin thought that the turkey should be our national bird instead of the bald eagle.
- Female turkeys don't gobble – gobbling is one of the ways that males try to attract mates.

Upcoming Events:
