## Three Things You (Probably) Didn't Know About Veterans Day:

1. Veterans Day started as Armistice Day in 1919 to honor the end of WWI (President Eisenhower changed it to Veterans Day in 1954)
2. Vets are much better voters than civilians! Their turnout rate is 71% as opposed to 61% for the rest of us.
3. The Postal Service is the largest employer of vets (130,000 of them)
