Leap Year Trivia

- Who first realized the need for a leap year? *The ancient Egyptians. The Romans later designated February 29th as Leap Day.*
- Other than the fact that it happens every four years, are there any other rules about leap years? *According to the Gregorian calendar, no year divisible by 100 can be a leap year unless it is also divisible by 400 (for example: 1900 was not a leap year, but 2000 was!)*
- What are some Leap Year traditions? *Beginning in 5th century Ireland, women were allowed to ask a man to marry them on February 29th (as seen in the movie Leap Year with Amy Adams!)*
